Gems Hygiene was founded in 1986 in a single unit, employing a small but dedicated team of just five people. The company has expanded over the years and is now located in purpose-designed premises in Sheffield, South Yorkshire, that house more than 40 personnel.

All cleaning products supplied by Gems are of the highest quality and have been chosen specifically to tackle everyday and specialist cleaning and hygiene issues. The company also pro-actively supplies customers with up-to-date COSHH regulations and CHIP safety data sheets.

Gems' callback service is available to new and existing customers. A highly experienced account manager will endeavour to return your call within two hours and answer any cleaning questions you may have, take your order or simply offer sound advice.

All registered customers can now take advantage of Gems' online ordering and payment system. If you have an account with us and you would like to place orders online, please email your details and we will send you a unique user name and password that will give you access to this web-based service.

If you require assistance or further information about any of our products please do not hesitate to contact our team of friendly advisors.
